McCarthy got into an argument with Casey about the efficacy of prayer. "Of course there's nothing in it," asserted Casey. "Of course not," said McCarthy, "but I know you know there's a war it's always the people that pray that win the fights." "How about the Chinese?" asked Casey. "They're great people to pray, and yet they get licked and licked bad." "Oh, well," explained McCarthy, "no war could understand them while they prayed."—N. Y. Globe.

## FERGUSON CASE BEING HEARD; IS UNSAVORY

The supreme court heard testimony today in another unsavory marriage case on Maui, the hearing continuing until 10 o'clock tomorrow morning. The evidence of Judge S. E. Kingsbury, who is accused of separating the bride and groom following a "star chamber" session at Wailuku, sending the bride to the Girls' Industrial School at Honolulu.

The hearing in court is based in a petition for a writ of habeas corpus filed by Andrews & Quarles for the bridegroom's parents, Thomas William Ferguson and Mary Ferguson.

According to the story gleaned by Asst. Atty-gen. Leslie Scott, who appears for Miss Sterritt, matron of the Girls' Industrial School, the bride, a Porto Rican girl, was married to Thomas D. Ferguson, a youth of 15 years, at Wailuku, on October 16. The boy's father aided him to obtain the marriage certificate and to have the marriage ceremony performed, by appearing and giving his consent. The boy's parents aver the girl is 18 years old, but Judge Kingsbury, at a hearing from which the Ferguson's allege he debarred them, is said to have ascertained that the girl's age is only 15, and that therefore she was illegally married.

Rose Ferguson, the girl in the case, is said to have been deserted by her mother several years ago and for a long time has been living as an adopted child in the Ferguson family. Eventually, however, she was placed in the care of another party, but she did not like the restraint placed upon her there and finally, meeting her adopted brother at Kahului and consenting to the wedding as a means of escaping from her institution in which she had been held.

The Ferguson family and the young, dark-skinned bride were in supreme court today, the latter under the charge of the industrial school matron. Thomas D. Ferguson, the father, testified concerning the "star chamber" session alleged to have been conducted by Judge Kingsbury on the day after the alleged wedding, and the Judge will be notified by wireless this afternoon if he is wanted here to tell his version of the affair in court tomorrow morning.

## SCOTLAND REPORT TELLS OF ACTIVITY AMONG ENGINEERS

(By Latest Mail)  
EDINBURGH, Scotland.—Judging from the report of the Amalgamated Society of Engineers, just issued, the boom in the engineering trade shows no abatement. The society continues to increase in regard to membership. Their numbers are now 134,859, of which 95 have been added during the month of August.

Regarding trade in Scotland, the organization delegates states: "Trade is still on throughout this division, few members, signing the vacant book. The wages agitation among the chaps employed by the colliery firms and Turkey red dyers in Alendria has been settled by the meeting 3d per hour advance. The original demand was for 2d per hour. The Kirkcaldy working rules allow in operation, giving satisfaction to our members, who have gained considerably through the increased prime and night shift allowances. They will run concurrently with the wages agreement. The Dundee 52-hour movement has now been brought to a successful termination by the employers agreeing to recognize the 52-hour week. This has been brought about by the allied trades, and let us hope their example will be followed on a national scale; when the 48-hour week movement takes place."

## AIR FLIGHTS OVER LONDON COUNTY ARE RESTRICTED

(By Latest Mail)  
LONDON.—Shortly after the air race round London the following order was issued by the home office under the aerial navigation act, 1911:

"In pursuance of the power conferred on me by the aerial navigation act, 1911, I hereby, for the purpose of protecting the public from danger, make the following order:

"I prohibit the navigation of aeroplanes over so much of the county of London as lies within a circle the center of which is Charing Cross, and the circumference is described by a radius of four miles inland."

"This prohibition shall not apply to aeroplanes exempted, for special reasons, by order of the Home Secretary of State."
